Summary

Recent graduates from SMAN 15 Surabaya with an average Graduation Examination score of 91.51. Experienced in many organizational events. Have a dream to become an IT engineer in a large company in the automotive sector for four-wheeled vehicles or oil and gas, also has a strong interest in the field of energy sources, especially oil and gas. Having strong IT business acumen, the ability to manage time and work under pressure in dynamic conditions as a team, also flexible communication skills to adapt to rapid stakeholders, and a willingness to learn continuously, I believe I have the potential to be an asset value in a team.

Education

Senior Highschool Education

SMA Negeri 15 Surabaya, Surabaya, East Java
07/2022

Graduated with an average Graduation Exam score of 91.51.

Information System

Institut Teknologi Sepuluh Nopember , Surabaya, East Java
Class 2022

Experience

Pemandu FTEIC ITS

Instructor, Surabaya, Jawa Timur
12/2023 - Present

'**Pemandu FTEIC**' is a community under the supervision of the ITS Guidance Coordination Body, consisting of a group of FT-EIC students tasked with serving as mentors and facilitators during the Student Management Skills Training event organized by the university. Here, I serve as a guide for the 'Beyondics' cohort, currently assigned to act as a facilitator and presenter in the upcoming Pre-TD IV FT-EIC event.

SPE ITS SC

Staff Research and Information, Surabaya, East Java
08/2023 - Present

The Society of Petroleum Engineers (SPE) is a not-for-profit professional association whose more than 153,646 members in 145 countries are engaged in oil and gas exploration and production. SPE is a key resource for technical knowledge providing opportunities to exchange information at in-person and online events and training courses, publications, and other resources.

Becoming a staff of the Research & Information division in SPE ITS SC 23/24, took me to a higher level of organizational ability because of some of my responsibility to enrich the understanding of the energy industry among SPE ITS SC's members, boards, and compliance delegates using online platforms, multimedia, books, articles, and online publications. Additionally, organizing training programs to enhance the technical skills of the members.
